The justifications below are valid for **both** "Cleaning Demo" AND "Konsum Demo"
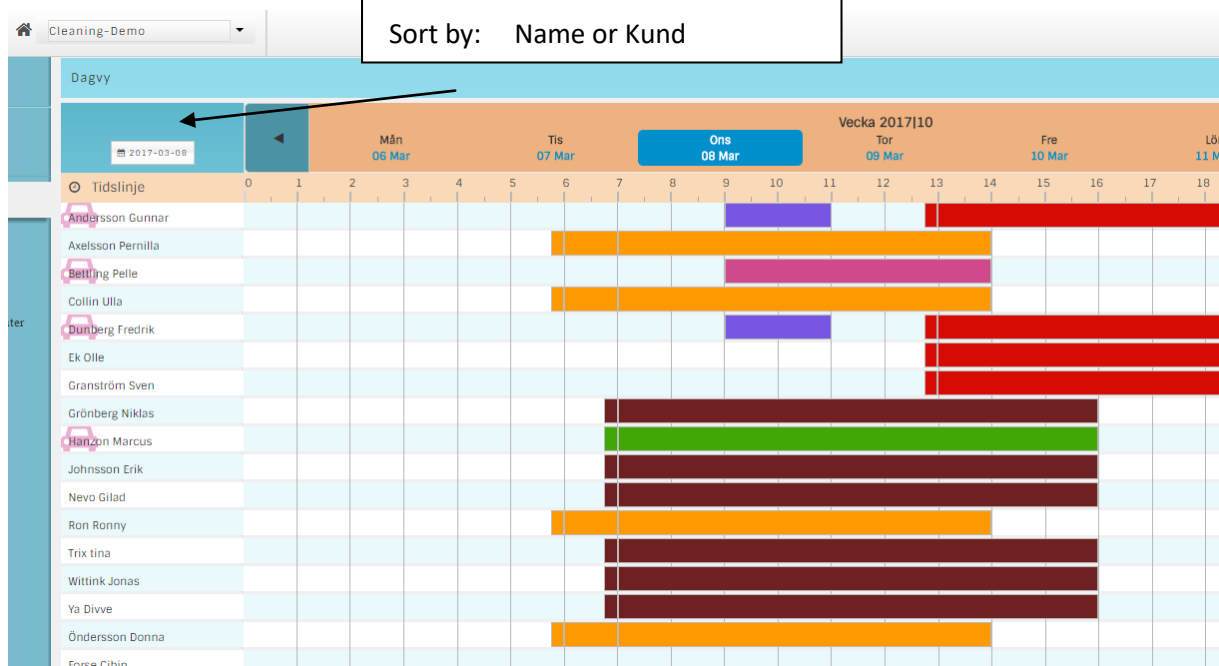

Make the enclosed files to be reached from all schedules, not only from the daily view.

Would be great if we also could sort by "Kund".

Perhaps a switch

Sort by: Name or Kund

1. Make the actual week more visible by Bold text and perhaps an different background colour.
2. Display the start time – End time on the left for every slot. Example 05.45-14.00   8.25
3. Possible to sort by Name: AZ/ZA.
4. And sort by Total 0/9 9/0
